

CIRCULAR HEAD MAYOR DARYL QUILLIAM'S MESSAGE 10 JULY 2018

Last week along with four of my fellow councillors I attended the Town Hall evening with our Federal Opposition leader Bill Shorten and Justine Keay held at the Hall of Fame. Around 90 people attended this event and asked a variety of questions to these leaders. It is always good to have these people in our district to see the issues we have and hopefully we will be supported with funding.

Congratulations to Joanna Jolly for being brave enough to shave her lovely locks to raise funds for the Leukaemia Foundation recently. To date she has raised almost \$3000, which is a great effort. Donations can be made online by visiting www.worldsgreatestshabe.com and sponsor Joanna Jolly.

The Circular Head Community Road Safety Partnerships Program was officially launched on 10 July 2008 and tonight I will be attending a recognition event to acknowledge the good work the committee has done over the past 10 years. The committee was formed to look at road safety issues at a local level following a large number of fatalities and serious injuries on our roads that have affected our community. The committee has undertaken numerous projects over this time to raise awareness of road safety and bring about a change in driver behaviour. Congratulations to all committee members that are working together to keep our road users safe.

A reminder that Parks and Wildlife have closed Richardson's Bridge at the end of Linnanes Road due to public safety concerns. At this stage signage will be placed on the entrances to the road at Arthur River and the Bass Highway and signs and tape at the bridge itself. Keep an eye out for further updates in this area.
