

CIRCULAR HEAD MAYOR DARYL QUILLIAM'S MESSAGE 29 MAY 2018

Last week I attended an investiture programme at Government House where 21 people received medals presented by our Governor. At this event Merle Wells of Stanley was awarded an Order of Australia medal for service to social welfare organisations in Tasmania. Merle has worked hard with Meals on Wheels for almost 41 years being a State board member and State Vice President for five years. She has also been involved with various health organisations in Devonport. Well done to you Merle.

During May and June the Circular Head Council in association with Smithton High School (SHS) are offering Year 9 students a chance to take a look behind-the-scenes at a range of local workplaces through the Work Inspirations program. The Work Inspiration activities will enable students to gain an understanding of themselves and their strengths and how to apply these to a workplace. They will also see and experience local operational workplaces and the different roles and opportunities that are available with them. On the completion of the program students should have a greater understanding of employer expectations, workplace culture and career pathways and be more equipped to make decisions about their future career paths. I think this is a great initiative and I'm sure it will be valuable to all the students involved.

Our Council in partnership with the Waratah-Wynyard Council are starting to develop a Health and Wellbeing Plan for the community. The Plan will have a range of themes that relate to issues and concerns within the community and then this will help us identify the

CIRCULAR HEAD COUNCIL

priorities to be addressed in each local government area. There will be opportunities for the public to comment on the Plan in the near future.
