On Your Bike in Circular Head

Circular Head Council has for some time considered the possibility of establishing a Mountain bike trail for the region.

Council is now calling for interested members of the Circular Head community to establish a working group to review and develop a list of mountain bike and walking trail options and to develop the beginnings of a plan for a preferred project.

The Circular Head Mountain Bike Trail Working Group, with Council support, would also lobby for state and federal funding for prospective projects.

Circular Head Mayor Daryl Quilliam said, "Council advocates for a prosperous and vibrant region, growing local opportunities for all."

"A mountain bike trail project has the potential to create long-term health and recreational benefits for the community and visitors, and economic benefits for the region." Said Mayor Quilliam.

The first meeting of the Circular Head Mountain Bike Trail Working Group is proposed to take place at 6 to 7pm on Tuesday 1 December 2020, at the Council Chambers in Smithton.

Interested parties are asked to register by contacting Council on 6452 4800.
