

# Church Street Precinct Master Plan

## Street Furniture + Paving

Using locally distinctive **Tasmanian timber** combined with modern materials such as **steel, stone, and concrete** is recommended to create high-quality street furniture... opportunity for **bespoke furniture** as currently seen within Stanley

## Soft landscaping

Larger, canopy street trees

Creating a **coastal town landscape** with a rich variety of **native plants**. This will enhance the **local flavour**, **reduce maintenance** requirements and create a distinct **seasonal plant display** throughout the year.

Native banksia street or park tree - Banksia Serrata (Penguin, Tas)
