

Wed 31 March 2021

Local Roads and Community Infrastructure Fund (LRCI) Round 2.

Council will be considering the Local Roads and Community Infrastructure (LRCI) fund, round 2 at a special meeting Thu 1 April 2021 commencing 6pm at the Council Chambers.

The LRCI fund round 2 has allocated \$747,839 to eligible projects which are capable of being completed by the 31 December 2021.

Councillors will assess potential projects against the criteria and the current level of project planning and understanding. Eligible projects for consideration by the Australian Government include:

- Completion of Full scope of Back Line Road Footpath at Forest
- Virtual Fencing roadkill mitigation for Woolnorth Road
- King Park, Stanley - Car Park entrance relocation
- Green Point Road (Marawah) Pavement Rehabilitation
- Rennison Road (Togari) Pavement Rehabilitation
- Dog Management Signage
- LED event tree lights Smithton

The agenda for the Special Meeting:

Virtual Fencing roadkill mitigation for Woolnorth Road

Council is seeking funding to extend the virtual fencing roadkill mitigation that has been trialled in the Woolnorth area during 2018.

This project will form part of a broader suite of measures involving groups such as the Cradle Coast NRM, Save the Devil Project and other agricultural industry partners to reduce roadkill. A focus of the measures is to help protect Tasmanian Devil population in the area.

LED lights. On tree corner Emmett and King Streets, Smithton

The tree is decorated annually with Christmas Lighting. It is proposed to seek funding to install permanent lighting which will be able to be used for various events all year round, as well as avoiding the annual costs associated with fitting and removing the current lighting.

Dog Management Signage

Funding is being sought for signage which makes it easier for people to understand what places dogs are allowed on lead, off lead, or are prohibited.
